AGREEMENT TO PAY FEES FOR CONSULTANT SERVICES INCURRED BY THE TOWN

When reviewing an application for, or when conducting inspections in relation to, an application, the Town of Milo, New York may determine that the assistance of outside consultants is warranted due to the size, scale or complexity of a proposed project, because of a project's potential impacts, or because the Town lacks the necessary expertise to perform the work related to the application. Whenever possible, the Town of Milo, New York shall work cooperatively with the applicant to identify what scope of work shall require the employment of consultants. Additionally, the Town may require that an applicant deposit a lump sum in order to retain consultants. In the event that such sum is insufficient to fund the necessary consulting services, the Town of Milo, New York may require additional deposits.

Let it be understood and the property owner agrees that:

1. In hiring outside consultants, the Town of Milo, New York may engage registered design professionals, financial analysts, planners, lawyers or other appropriate professionals who can assist the Town in analyzing a project to ensure compliance with all relevant laws, bylaws, and regulations. Such assistance may include, but not be limited to, analyzing an application, monitoring or inspecting a project or site for compliance with the Town's decision or regulations, or inspecting a project during construction or implementation.
2. Funds received by the Town of Milo, New York pursuant to this section shall be deposited with the Town Clerk who shall establish a line item for this purpose. Expenditures from this line item may be made at the direction of the Town Clerk without further appropriation. Expenditures from this special account shall be made only for services rendered in connection with a specific project or projects for which a project review fee has been or will be collected from the property owner. Accrued interest may also be spent for this purpose. Additionally, the failure of a property owner to pay any fee shall be grounds for denial of an application. Lastly, any outstanding fees incurred by the Town of Milo, New York shall be charged against the property, and shall constitute a lien thereon in favor of the municipality, and the amount of such costs shall be entered on the tax rolls as being due and payable. Such fees may also be recovered in any other lawful manner.
3. At the completion of the Town's review of a project, any excess amount in the account attributable to a specific project shall be repaid to the property owner. A final report of said account shall be made available to the property owner if requested.
4. Any property owner may take an administrative appeal from the selection of the outside consultant to the Town Board. Such appeal must be made in writing and may be taken only within 20 (twenty) days after the Town has mailed or hand-delivered notice to the property owner of the selection. The grounds for such an appeal shall be limited to claims that the consultant selected has a conflict of interest or does not possess the minimum required qualifications. The required time limit for action upon an application by the Town Board shall be extended by the duration of the administrative appeal. In the event that no decision is made by the Town Board within one month following the filing of the appeal, the selection made by the Town of Milo, New York shall stand.
